

A message from the Vaughan Health Care Foundation

We extend our sincerest gratitude to the organizers and participants of Run for Vaughan.

Run for Vaughan has had tremendous success over the past 4 years in both raising funds, and awareness for our future Vaughan Hospital. As we move through the planning stages to prepare to build the facility, we need the support of our community now, more than ever.

Many thanks to the Ahmadiyya Muslim Community whose members donate countless hours of volunteer time to bring the residents of Vaughan together to support such a very worthy cause. As we gather on May 25<sup>th</sup>, 2008 for a day of fun, we can take great pride in knowing that the time and energy we dedicate will help bring the Vaughan Health Campus of Care to life.

Your continued support helps to ensure that the people of Vaughan have better access to high-quality health care, closer to home.

Sincerely,

Michael DeGasperis
